**CHRISTENINGS**

*Making the decision to hold a christening for your baby is quite a significant one. In many families, Christenings are one of the big life events that bring all your family and close friends together. As a family owned and run business no one knows the meaning or the importance of such a family orientated day better than us.*

*At The Fisherman's Retreat we can take the stress and worry out of organising such a special day for your baby, leaving you and your family to spend quality time together at this very important stage of your lives.*

*We can accommodate from 40 up to 160 guests within our Ratcliffe Suite which boasts a private patio and balcony area, perfect for a summer's day.*

*We can assist you in a whole variety of ways from tailoring a buffet menu that suits you and your budget to organising balloons, bouncy castle, DJ, to recommending photographers that can capture this momentous occasion.*
