

:: The Fisherman's Retreat
Restaurant & Wedding Venue

A celebration of life

FUNERALS

The Fisherman's Retreat is a unique building nestled in the Twine valley on the edge of the Pennine hills. We offer an elegant and intimate setting with amazing views of the surrounding countryside, the perfect secluded location for your family and friends to join together for one of life's saddest occasions.

As a family owned and run business, we more than understand how heart wrenching and tragic the loss of a loved one can be. We will assist in providing you with the perfect send off, whether it is a solemn occasion or a celebration of life. On the day we will be on hand to ensure everything runs smoothly, giving you peace of mind and precious time to spend with your loved ones.

We have 3 private rooms available that will suit small intimate gatherings as well as large functions. All our rooms are beautifully furnished, offer a variety of modern facilities and give wonderful views of the surrounding countryside. We can offer a selection of freshly made buffets or tailor made menus all of which are prepared by our Head Chef, along with a range of drinks packages and of course we can cater for any dietary requirements.

We are here to discuss your specific requirements and handle your booking with the upmost compassion and care. We hope that our years of experience will be of help to you at this most difficult time.

Although we are normally closed to the public on a Monday, we are more than happy to open especially to accommodate you and your family at this sad time.

To enquire or for further information please call, email or arrange an appointment to come and see us.
